

**Causality and Free Will
Between Neurosciences and Philosophy**

Friday the 17th of October 2014, Aud. Socrate 21

Session 1: chair Marcus Missal

9:00 **Andreas Janssen** (Phillips University, Marburg)

“Free Will ? Where is the noise?”

10:00 **Kim Wende** (UCLouvain)

“Language, executive function, schizophrenia: why we need a new approach to free will in neuroscience”

10:45 Break

11:00 **Helen Beebee** (UManchester)

“To what extent can neuroscientific evidence shed light on moral and legal responsibility?”

12:30 Lunch

Session 2: chair Bernard Feltz

14:00 **Anna Drozdowska** (UCLouvain)

“What do we talk about when we talk about free will ?”

14:45 **Achim Stephan** (UOsnabrück)

“Emergence and Free Will”

16:15 Break

16:30 **Olivier Sartenaer** (UCLouvain)

“Emergent Evolutionism, Determinism and Unpredictability”

17:15 Open discussion **Alexandre Guay**
