

LOMBARD
INTERNATIONAL
ASSURANCE

Lombard International Assurance is Luxembourg's leading pan-European, unit-linked life insurer, specialising in the provision of wealth structuring solutions to wealthy individuals and their families. As at the end of 2013, our assets under administration were in excess of €24 billion.

We pride ourselves on being the experts in this field and are committed to providing the highest standards of service excellence to our Partners and Clients.

Growth in existing and new markets means that Lombard International Assurance is recruiting talented people to join our team of professionals in a variety of different areas throughout the company. We offer a dynamic and international working environment with excellent prospects for career progression.

Product & Market Development Department

Junior actuary (M/F)

Your role

- Provide actuarial support in the creation/ modification of a product
- Ensure the notification of new products/ product modifications to the regulator (CAA)
- Provide technical features to IT and test IT releases
- Define and ensure the follow up of pricing within a defined framework
- Design, develop and maintain excel files to provide specific illustrations
